Quality Hospitality Accessories for Unique Guest Experiences

In hospitality, presentation can affect a guest’s memories of a venue. That's why Tudor Jones focuses on high-quality, long-lasting hospitality accessories such as menu covers, bill presenters, leather coasters, and other one-of-a-kind leather goods.

Accessories in hotels and restaurants can enhance branding and make normal services look more upscale. This is how Tudor Jones is able to create handcrafted accessories for professional hospitality environments.

Professional Restaurant Menu Covers

You can improve the visual appeal of a menu with menu covers. So premium Restaurant menu covers are a great way to make a professional first impression.

Tudor Jones has a choice of menu covers and folders in a variety of sizes, including A4, A5, A6, slim, landscape, and bespoke.

A quality menu cover can also protect the printed pages and maintain the design integrity.

Elevate Your Hospitality Branding

Hospitality branding needs to be consistent across the entire guest journey. For example, the colors, materials, finishes, and textures you use on menus can complement the furniture, interior design, and branding.

That is why Tudor Jones provides tailored solutions including color matching, embossing, debossing, foil finishing, custom sizing, and customization of materials.

Elegant Cocktail Menu Cover for Bars & Hotels

Cocktail menu covers should be in the style of the cocktails inside. So, cocktail lounges, bars, hotels, and restaurants can enjoy premium cocktail menu covers that can make their cocktail menus more unique.

This cover will not only serve its purpose but will also be a unique design piece. Moreover, the customization of colors and finishing of your menu cover will enable you to create a truly unique design.

No matter what the ambiance and environment of your venue is, Tudor Jones can create accessories that complement it.

Custom Leather Bill Wallets to Present Your Bills in Style

One more important accessory for restaurants and hotels is a leather bill wallet. This product will help you present the bill in a professional way.

This item can be customized to suit your requirements. This way, you can create bill wallets that will match your menu covers and branding.

Also, Tudor Jones produces bill presenters and folders made to order and can be customized in colors, sizes, and materials to suit your needs.

Bill Presenter: Practicality & Good Design

A bill presenter must be practical, durable, and easy to use for guests and employees of a business. At the same time, it should be in harmony with the surroundings and enhance the quality of the dining surroundings.

Therefore, Tudor Jones has designed bill presenters for hospitality use. The bill presenters have stitched edges, pockets, and luxurious leather

construction. These products are made to order and can be customized with regard to colors, materials, dimensions, and other design aspects.

So the bill presenter is another opportunity to give your branding a boost, not just an accessory.

Leather Coasters for a Full Table Setting

Small things can make all the difference. Therefore, Leather Coasters can be the finishing touch to the design of restaurant, bar, or hotel table settings.

These coasters can be paired with menu covers, bill presenters and other leather accessories. So you will be able to create a whole table setting instead of a range of separate products.

Tudor Jones also offers a variety of hospitality products, including custom leather coasters.
